DETAILED ACTION

Response to Amendment

1. The amendments to the claims filed on December 2, 2010 have been fully considered. The 35 USC 112 1st and 2nd paragraph rejectionn have been obviated and are thus hereby withdrawn.
2. Applicant's arguments have been considered and are persuasive in overcoming the 35 USC 103 rejection with respect to claims 76-86. However, this ground of rejection is maintained and applied to new claims 87-89 because these claims read on all enantiomers of the claimed chemical compound.
3. The obviousness type double patenting rejections are maintained and applied to new claims 76-89 because the generic claims remain rejected.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
